PART 1

GENERAL

Proceedings of the Government of Mysore,

READ—

The Account Current, showing the receipts and disbursements of the Mysore Government Central Press, received with the Superintendent's No. 649, dated 10th February 1900, and subsequent correspondence ending with Superintendent's No. 686, dated 21st idem, explaining that, out of the pay (Rs. 800) drawn by him, Rs. 500 has been charged to the Press under "Establishment and Supervision" and Rs. 300 to Stationery Depot.

No. 10141-42—G. F. 158-92 DATED BANGALORE, 8TH MARCH 1900.

ORDER THEREON—Government observe, on an examination of the Account Current for December 1899, submitted by the Superintendent, that the quantity of the printing work executed under "New composition" was only 1,260 pages as against 2,210 in November and 2,022 pages in October. This great falling off is probably due to the intervention of Christmas holidays. The value of the binding work is shown as Rs. 472-6-5, while the amount actually paid to binders is more, *viz.*, Rs. 488-5-10. This needs explanation.

2. The pay of the Fixed Establishment, including supervision and overtime allowance, is Rs. 2,624-2-5 (Rs. 2,420-0-4+Rs. 204-2-1). It is presumed that some members of the Fixed Establishment are occasionally employed in printing and binding work to meet an emergency. If so, the Account Current should show the value of the work so done. This information may be noted in future accounts.

3. The amount paid to compositors on Piece-work Establishment is Rs. 1,710-0-6 and to pressman and turners, &c., Rs. 324-2-0—in all Rs. 2,034-2-6; but in calculating the value of the printing work the charge for striking the copies is included in the total value. How much of the value is for "Printing" and how much "For striking the copies" may in future be shown separately in a foot-note appended to the statement.

4. In Madras, under the Standing Order No. 150 issued by the Board of Revenue, *public* work is computed at rates much lower than those charged for *private* work. The Superintendent is requested to favor Government with a table of the rates at which the value of the work entered in the Account Current submitted by him is computed under *Printing*, *Binding* and *Type-Casting*.

5. The total disbursements of the Central Press under all heads, including 'Contingencies," for December 1899, amount to Rs. 5,325-3-0, which being deducted from the estimated value of the work done, *viz.*, Rs. 5,827-13-5, leaves a small saving to Government of Rs. 502-10-5, which will disappear if the Madras rates of valuation be adopted. It may be remarked that the cost of direction and supervision (Rs. 2,624-2-5) is unusually high, being 49 per cent of the total cost (Rs. 5,325-3-0,) to which the attention of the Superintendent will be invited with a view to possible savings being effected in the Fixed Establishment.

6. With the foregoing remarks, the Account Current will be referred to the Comptroller for usual check and verification.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent, Government Press.
The Comptroller to the Government of Mysore, with the account for December 1899.

Endorsement No. 72-93, dated the 26th March 1900, from the Plague Commissioner in Mysore, forwarding copy of his docket No. 7275, dated the 24th idem, to the address of the President, City Municipal Commission, Bangalore, approving, with certain alterations, a memo of conditions laid down for the re-occupation of the mandies in question.

MEMORANDUM.

The following conditions are laid down for allowing the merchants to re-occupy the mandies in the old Taragupet in the Bangalore City :—

(Government Proceedings No. 6679—L. F. 82-92, dated 11th December 1899.)

(1) The premises to be erected or to be used and occupied as a mandi or wholesale grain and produce store should not be within 15 feet of any dwelling house, and the site should be such as to admit of free ventilation by direct communication with the external air on the one side and through the roof at least on the other. Where, however, in the case of a building used as a mandi before these rules come into operation it is not possible to comply with the condition as to 15 feet open space, such building should be separated from the dwelling house by a dead wall and no communication of any sort should exist between the mandi and the dwelling house.

No mandies to be within 15 feet from any dwelling house.

(2) Every such building to have the foundations, basement and walls constructed of bricks or stone properly bonded and solidly laid in clay, cement or mortar.

Bricks or stones to be used.

(3) Every such building to have the floors raised at least 18 inches above road level and a damp course of stone slabs, asphalte, cement or other durable material impervious to moisture, laid beneath the level of the lowest course of the walls above the basement and at a height of not less than 18 inches above the surface of the road-way adjoining such building.

Basement at least 1½ feet above road level.

Stone slabs to be used above basement.

(4) Every such building to be provided with a sufficient number of suitable windows, ventilators, and sky-lights in such manner and in such positions that each of such windows, ventilators and sky-lights shall afford effectual means of ventilation by direct communication with the external air. The area of the several windows, ventilators and sky-lights, clear of the frames to be equal at least to one-tenth of the floor area of the mandi or wholesale grain and produce store.

Windows, ventilators and sky-lights to be provided. They should cover 1/10 of the area of flooring.

(5) Every building to be provided in front with an open space 10 feet in breadth, which shall be free of any erection or covering thereon and raised at least 1 foot above the level of the road-way; sufficient time to be given for the fulfilment of this condition as to 10 feet open space at the discretion of the President, City Municipal Commission.

Raised open ground of 10 feet in breadth to be provided in front.

(6) Every such building with its yard, area and open space to be paved with asphalte, cement, concrete, stone slabs, paving tiles or other durable and impervious material and the same maintained at all times in good order.

Flooring.

(7) Every such building to have a flat roof of brick on edge in mortar, resting on iron, steel or wooden joists and beams or a tiled roof.

Every building to have a flat roof of brick on edge or tiled roof.

2. Whenever an existing building used as a mandi fulfils the conditions above specified or has been adopted as above, the owner or other person entitled to occupy it shall report the fact to the President, City Municipal Commission, who will, on satisfying himself that the mandi is and has been adopted for a wholesale grain or produce store, grant a "Fit for occupation certificate," and thereupon such owner or occupier shall be free to use such building as a grain or produce store.

EDUCATION

Proceedings of the Government of Mysore,

READ—

Correspondence ending with letter No. 7704—354, dated 16th February 1900, from the Inspector General of Education in Mysore, on the subject of training the eye-sight of children as a part of the Physical Education imparted to them in schools.

No. 10184-6—ED. 104, DATED BANGALORE, 9TH MARCH 1900.

ORDER THEREON.—On a perusal of certain articles headed "The eye-sight of children," which appeared in the November and December issues of "The Bombay Educational Record and Literary Journal," the Principal of the Central College, the Inspector General of Education and the Senior Surgeon were requested to favor Government with their views as to the steps that may be taken to preserve the excellence of vision of children in schools from being impaired at an early age.

2. Mr. Cook suggests that students may be warned against reading books printed badly, especially books printed in small type, and straining the eyes by habitually doing so with defective light. He recommends that, with the help of the Government Oculist, a census be taken of the number of pupils in the several classes of the High School and College Departments who are short-sighted and of those with other visual defects.

3. Mr. Ramaswami Iyengar, the Government Oculist, thinks that by testing the eye-sight of pupils, many of the dangers which some weak eyes might run into may be averted by timely warning and by appropriate glasses, and that some of the contagious diseases of the eye may be prevented from spreading. He is also of opinion that excellence of vision may be maintained, and its deterioration prevented, by regular field exercise, such as signalling with flags of various colors. The Senior Surgeon concurs with the above views of Mr. Ramaswami Iyengar.

4. Mr. Bhabha, while considering that the question raised is one that professional Opthalmologists alone can answer, suggests the following means by which the progressive nature of weak sight may be arrested :—

(*a*) As is done in a few American schools, Test Cards with full instructions to the teacher may be devised for the examination of his pupils' eyes.

(*b*) School Text Books in good print and large type may be used with advantage.

(*c*) The Time Tables may be so arranged that the eyes of pupils may not be strained for an inordinate length of time by reading books or writing; the use of black board and maps, object lessons, drill and singing being freely interspersed between lessons of reading and writing.

(*d*) A rule may be made in all Colleges and High Schools that no pupil should be admitted unless he produces a certificate, from a Civil or Assistant Surgeon, that his eyes are healthy and strong enough for the purposes of school studies, or that his defective vision has been corrected by appropriate glasses, or that his eyes are under suitable treatment. Any defect that develops itself after admission should at once be reported by the teacher to the parent or guardian, and unless steps are taken to remedy the defect or check the deterioration, the pupil may be prohibited from further study.

(*c*) As no system of training the eyes has yet been devised either by a professional oculist or an educationist, competitive essays may be invited by offering a prize of not less than £100 and a Committee, of which Dr. Brudenell Carter (Opthalmic Surgeon to St. George's Hospital) may be a member, appointed to adjudge the prize and to report on the practicability of the suggestions made by the competitors.

5. Government observe that it would be interesting if, as suggested by Mr. Cook, a census were taken periodically of the character of the eye-sight of the pupils and students in attendance at the Bangalore Central College. The Government will be glad if this can be arranged by the Senior Surgeon in communication with Mr. Cook. A brief report on the first census of this kind, connected with one of the most important institutions in the State, would afford valuable information on which Government will be in a position to decide what further action, if any, should be taken.

6. Parents being often too anxious that their children should commence their studies at a very early age consign them early to school where eye-sight, which is the most important and useful of all organs, is impaired by premature toil. It is therefore necessary that as soon as a teacher in each class observes symptoms that indicate in a pupil defects of normal vision, due intimation thereof should be given to the parent or guardian with a view to steps being taken to remedy, if possible, the defects and to prevent the further progress of the disease. When the disease is of a contagious nature, it may be necessary to stop the pupil from attending the school.

7. Government are not prepared at present to approve of the stringent rule for the production of medical certificates or to adopt the suggestion for the offer of prize and appointment of Committee referred to in para 4, (*d*) and (*e*). The other suggestions of the Inspector General are quite practicable and may be adopted as far as possible.

JUDICIAL

Proceedings of the Government of Mysore,

READ—

Letter Camp No. 30, dated 7th March 1900, from the Inspector General of Police in Mysore, requesting, under the circumstances represented, the sanction of Government to the opening of the next class of the Police Training School on the 15th idem and to the continuing of the benefit of Government Proceedings No. 9816-25—J. F. 53-92, dated 21st December 1893, to deserving Police Officers in the service for two years more.

No. 10182-3—J. 1001, DATED BANGALORE, 9TH MARCH 1900.

ORDER THEREON—It was expressly stated in Government Proceedings No. 9816-25—J. F. 53-92, dated 21st December 1893, that Government hoped that within about 2½ years from the date of the Order, a proper training will have been given to all deserving men already in the Police Force in the Inspectors' or Jamedars' grade. This hope has not yet been realized, and there has been very great delay in giving effect to that Order. It is not clear from this report how many of the deserving men for whom the budget provision for 2½ years was sanctioned have still to undergo training. As, however, the amount sanctioned has not yet been fully utilized, Government are pleased to sanction the present proposal of the Inspector General to open the next class of the Training School on the 15th instant, and to appropriate the unexpended balance, for the next term and one after it, for the purpose of completing the training of men for whose benefit the Order of 21st December 1893 was passed.

Letter No. 473—J., dated 9th February 1900, from the Inspector General of Prisons in Mysore, submitting correspondence received from the District Magistrate, Tumkur, and requesting that the monthly allowance of Rs. 4 sanctioned in Government Proceedings No. 16749-59—J. 1667, dated 21st June 1898, to the dafadar of the Tumkur District Lock-up, may be permitted to be given to 1st class constable Gundappa, who does the clerical work of the Lock-up establishment, the present dafadar being reported to be unable to do that work.

No. 10542-3—J. 1039, DATED BANGALORE, 22ND MARCH 1900.

ORDER THEREON—Government observe that the allowance was sanctioned not for clerical work to be performed by any Lock-up official, but in consideration of the additional clerical work devolving on Lock-up dafadars, owing to the transfer of District Lock-up charges from Munsiffs to Medical Officers, ordered in Proceedings No. 12516-17—J. 1342, dated 4th April 1898, and with a view to render it easier to obtain the services of capable and literate men for this post, *i. e.*, for the post of dafadar. The District Magistrate's contention

that the allowance was granted as remuneration for clerical work connected with the Lock-up and that it is immaterial whether the dafadar or any other official of the Lock-up establishment who does that work draws it, is clearly incorrect. However, the payment of the allowance recommended by the Inspector General in the present case, is sanctioned for a period of three months, during which period a competent dafadar who can himself do the clerical work of the Lock-up, should be appointed in the room of the present incumbent.

L. B. B.—LOCAL FUNDS

Proceedings of the Government of Mysore,

No. 10004-12—L. F. 15-99, DATED BANGALORE, 5TH MARCH 1900.

ORDER—Applications for grants from Local Funds General on account of drinking-water wells, &c., having been received from certain districts, Government observe that such special aid should not be asked for unless the necessity therefor is proved conclusively and to the satisfaction of the Deputy Commissioners concerned. Government are quite willing and ready to afford all the help necessary to carry out works which have for their object the securing of the water required for men and cattle in this somewhat unfavorable season, and which could not be executed from funds at the disposal of District Fund Boards. They, however, deprecate appeals for help when there is really no necessity for it.

2. A list of drinking-water wells and ponds immediately required in each district should be prepared after a careful enquiry and submitted to Government as quickly as possible with an estimate of the cost of constructing the same. Temporary wells or diggings in the beds of tanks or elsewhere may also be included in the list, if urgently called for. What Government wish to impress upon Deputy Commissioners is the need for a careful scrutiny of real requirements and of the permanent or temporary usefulness of the works to be executed. Government will pass orders in due course on the lists and estimates called for. In the meantime, they are pleased to authorize Deputy Commissioners to use their discretion and to start such well works as may be urgently required, an imprest of Rs. 500 from Local Funds General being hereby placed at the disposal of each Deputy Commissioner for this purpose, subject to adjustment in due course. A very early report of the action taken, and of funds required, should be submitted for the information and orders of Government.

L. B. B.—MUNICIPAL FUNDS

Proceedings of the Government of Mysore,

READ—

Petitions from certain inhabitants of Yeslur, Alur, Morasu and Mudigere in the Hassan and Kadur districts, praying that kumblies imported from Sagara in the Nizam's Territories may be exempted from Octroi duty in the same manner as Mysore-made kumblies.

2. Letter No. 309, dated 14th November 1899, from the President of the Municipalities in the Kadur district, stating, with reference to this office No. 1936—L. F. 3-98, dated 11th August 1899, that he does not see any reason why the exemption, made in favor of Mysore-made kumblies, should be extended to other kumblies also.

3. Also letter No. 526, dated 14th February 1900, from the President of the Municipalities in the Hassan district, stating that in his opinion the exemption applied for should not be granted.

No. 10087-½—L. F. 3-98, DATED BANGALORE, 7TH MARCH 1900.

ORDER THEREON—Government are not prepared to exempt kumblies, imported into the State, from liability to Octroi duty.

5. *III. Collection (a) Octroi.*—The cost of the temporary establishment for six months, sanctioned in Proceedings No. 1920-21—L. F. 54-98, dated 11th August 1899, for the collection of Octroi duties in the town of Kolar, is provided in the present budget. This accounts for the increase under this head, which is sanctioned.

6. *III. Collection (b) House and Mohatarfa Taxes.*—Increases proposed under this head are stated to be in accordance with Government Proceedings No. 12704-13—L. F. 295-96, dated 8th May 1899. It is observed that the correct amounts that have to be entered as per scale laid down in paras 5 (*a*) and 5 (*b*) of the above Proceedings are as shown in column 5 of the statement noted below. These will accordingly be substituted for the figures proposed by the President. But before utilizing these provisions, the President should state whether any separate agency has been employed for collecting house and mohatarfa taxes in each of the municipalities in the district as suggested in para 4 of the above Order, and if so, obtain special sanction of Government for such employment:—

(*Vide* Proceedings No. 5936-7—L. F. 75-98, dated 22nd November 1898)	

8. *VIII. Public Works.*—The provisions made under this head are on account of the incomplete works of the previous years and the usual percentage charges on account of establishments. The estimates are passed.

9. *IX. Charitable Grants.*—The following differences are observed between the provisions made on account of dispensary charges in the Municipal and District Fund budgets for the current year. The President is requested to report the correct amounts to be entered in each budget in communication with the Medical Department. Pending information, the provisions under this head will be allowed to stand.

ORDER THEREON—From the precis of the Deputy Commissioners' reports, received with the Comptroller's letter read above, the Government understand that the system of recording finger impressions, introduced into the Treasuries of the Mysore State in the case of British pensioners, has been working satisfactorily, and that it is the best means of identifying pensioners, and affords a sound and easily applied check against false personation. The Comptroller, Mysore Government, and the majority of the Deputy Commissioners, are in favor of the system being extended to all classes of pensioners in the Mysore State. The Government accordingly direct that the system be extended to all classes of pensioners of the Mysore Government, except Gazetted Officers and others well known to the Officers disbursing pensions.

2. It is further directed that the impressions of the thumb and fore-fingers of the left hand of every newly entertained Non-Gazetted Officer be recorded in his Service Register in the manner laid down in the rules subjoined.

3. A copy of the rules for the record of finger-prints of Government servants and pensioners, and for the utilization thereof, issued by the Accountant General, Madras, is appended for information and guidance.

4. It is ascertained that the articles used for taking finger impressions in the Bangalore District Treasury are a small piece of thick glass, printer's ink and kerosine-oil; that a small quantity of ink is rubbed on the surface of the glass with a drop or two of kerosine-oil and that the finger impressions are then taken as laid down in the rules. If this simple process is considered sufficient, the apparatus described in Rule III may be dispensed with. Otherwise, it may be obtained on indent from the Superintendent of Stationery, who will supply the same to the Officers concerned.

RULES FOR THE RECORD OF THE FINGER-PRINTS OF GOVERNMENT SERVANTS AND PENSIONERS AND FOR THE UTILIZATION THEREOF.

PART I.—THE MANNER OF RECORDING FINGER-PRINTS.

1. A permanent record will, in future, be maintained of the thumb and finger-prints of the left hand of (i) every newly-entertained Non-Gazetted Officer who is required to maintain a Service Register and (ii) every pensioner who, prior to retirement, was required to maintain such a register.

2. In the case of every individual newly entertained in Government service, the necessary impressions will be recorded in the Service Register either in a blank page at the commencement of the book or in the column showing "personal marks for identification." They should be taken in the presence and under the personal superintendence of the head of the office or other Officer whose duty it is to attest the entries in the Service Register.

In the case of pensioners, the impressions will be recorded (*a*) on the first page of the pension application on the right-hand margin or at the foot of the page, and (*b*) at the foot of the first page of the Collector's half of a blank form of the permanent pay order; care should be taken to assign and distinguish a separate space for the thumb and each finger. The Officer by whom the pension application is prepared will be responsible for the record of the finger-prints, which will be forwarded with the application to the authority having power to grant the pension.

3. The apparatus required for taking impressions consists of the following articles:—

A sheet of tin or copper, 10½ inches by 7, or of such other size as experience may show to be most convenient, screwed down by its corners to a board one inch thick; an ordinary printer's roller and a tin of printer's ink. Both roller and slab must be thoroughly cleansed with kerosine-oil on each occasion after use, dried with a rag and put out of the way of dust.

4. The manner in which impressions should be taken is explained below:—

(i) Squeeze a drop of ink on the plate and work it with the roller till it forms an even layer over the surface. The ink must be so thin as to allow the colour of the plate to show through it.

(ii) Then take the little finger of the left hand, roll the bulb slightly on the inked slab and roll it again on the paper in the space marked for that finger; do the same with each of the other fingers and thumb in succession so that the imprints of them may be taken in their allotted places on the paper.

NOTE.—A drop or two of kerosine-oil added to the ink makes it more fluid. The inked finger should only be rolled *once* on the card from one side to the other and then removed cleanly without smudging the pattern. To afford clear scope for identification, the whole of the finger (or thumb) between the tip and first joint must be impressed.

5. To the finger-prints, as thus recorded, should be appended a certificate in the following terms:—

"Certified that the above finger-prints have been taken in my presence and under my personal superintendence, from the left hand of the individual *whose services are entered in this book or* 'whose pension forms the subject of the application,' or 'whose name is entered in this permanent pay order.'"

PART II.—THE UTILIZATION OF RECORDED FINGER-PRINTS.

6. The principal uses of the record of finger-prints directed in Rule 1 *supra* are the following:—

(i) It furnishes an absolutely reliable means of establishing the identity of a Government servant transferred to a distant place where he is not known, or sent for medical examination to an Officer who is not acquainted with his appearance.

(ii) It places in the hands of Officers entrusted with the payment of pensions or the mustering of pensioners an infallible means of detecting attempts at false personation, and resort should be had to this test in all cases where any doubt arises as to the identity of the individual claiming payment of pension.

(iii) It will ultimately render unnecessary the special arrangements now made for the examination of gosha pensioners; a life certificate coupled with a fresh set of impressions will furnish sufficient evidence of identity in such cases.

7. For the information of Officers who may have occasion to examine finger-prints with a view to verifying the identity of the individual from whose hands they have been taken, it is necessary to premise that the impressions re-

corded form clear and distinct patterns which are constant and ineradicable. Each individual's hand presents a separate set of impressions which a slight scrutiny suffices to distinguish from the finger-prints taken from any other hand. Nor do the impressions taken from the same hand at different periods of life change with lapse of time, except as has been remarked, for alterations "such as would be found in lace, which, after being washed and stretched, will show the same pattern and number of meshes, although they may be somewhat distorted in shape." There are three main types of pattern, namely, "arches," "loops" and "whorls," specimens of which are shown in the accompanying Plate I.

The pattern is an "arch" when the ridges in the centre run from one side to other of the bulb without making any backward turn of twist; a "loop" when there is a single backward turn but no twist; and a "whorl" when there is a turn through at least one circle. Loops on the fore-finger may further be distinguished as either *inner* loops when they open towards the thumb side, or *outer* loops towards the little finger (Plates I and II).

In the Police Department, it is customary for the purposes of classifying the finger-prints recorded in numerous cases, to assign a separate descriptive formula to each pair of hands, and the manner in which this is done is explained at length in Rules 11 to 13 of the revised edition of the departmental manual entitled "Anthropometry as applied to the Identification of Criminals." For the purposes of the present rules it will, however, ordinarily suffice to examine each finger-print either by the naked eye or with the aid of a magnifying glass in order to ascertain if in each case the distinctive pattern corresponds with that noticeable in the impression previously recorded. Thus, supposing Plate II (left hand) to represent the permanent record, it would be necessary to examine the new set of impressions in order to make certain that the pattern of the fourth or little finger was a loop, that of the third finger a whorl, and so on. A variation in any one case would be sufficient to leave no doubt that false personation was being attempted. Should the general patterns correspond, a closer examination may, if thought necessary, be made (either with or without a magnifying glass) in order to ascertain whether each line in a particular impression coincides in appearance with the corresponding line in the finger-print forming the permanent record.

8. To further illustrate these rules, Plates III to V appended have been prepared in the office of the Inspector-General of Police. Plate III exhibits impressions of the thumb and fingers of the right hand taken with an interval of 2½ years. Plate IV represents the corresponding impressions of the first and second fingers enlarged. Plate V is a skeleton chart of Plate IV and shows the axes of the ridges with the points of reference numbered.

Copy of the following letter forwarded to the Dewan of Mysore for favor of remarks.

Letter No. M. S. 10-1—44721, dated the 19th February 1900, from the Post Master General, Madras, to the First Assistant to the Resident in Mysore.

I have the honor to state for the information of the Resident that the Superintendents of Post Offices in Mysore have brought to my notice that several Sub and Branch Post Masters in the Mysore Province have obtained licenses for the vending of Mysore Court Fee Stamps and that the Durbar authorities have so far raised no objection to this practice. This practice, however, does not appear to have had the formal recognition of the Durbar; and I have the honor to enquire whether the Durbar has any objection to accord a formal approval to this practice. On hearing from you, I shall be glad to address the Director General on the subject.

ORDER—With reference to the road marches made by the Deputy Commissioners of Hassan and Shimoga on account of General Inspection of their districts and included in their travelling allowance bills for November and December 189 , respectively, it is observed that the tendency to keep to roads and make hurried marches is increasing. Government therefore consider it necessary to point this out to the Deputy Commissioners and lay stress *on the importance and usefulness of slow marches with necessary halts*, when alone proper inspections can be made and the local requirements advantageously studied.

Proceedings of the Government of Mysore,

READ—

Letter No. 4641—203, dated 12th February 1900, from the Excise Commissioner in Mysore, submitting for approval and publication, draft Notifications for the sale of Arrack Vend Farms and Separate Shops for the year 1900-1901.

No. 6236-45—Ex. 200, DATED BANGALORE, 1ST MARCH 1900.

ORDER THEREON—The draft Notifications, submitted by the Excise Commissioner, are approved and forwarded to the Press for publication in three successive issues of the *Gazette* in English and Kanarese, the schedules being published in the first issue and a reference thereto made in the subsequent issues.

2. The Excise Commissioner is requested to submit reports on the results of the sales as received from the District Officers, besides a general brief report with the prescribed tabular statements before the end of the current official year.

SALE OF ARRACK VEND FARMS FOR 1900-1901.

Notification No. 6246—*Ex.* 201, *dated, Bangalore, 1st March* 1900.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule* for the twelve months, beginning with 1st July 1900 and ending with 30th June 1901, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the taluk head-quarters in the respective districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government for special reasons*, be tantamount to an acceptance of the bid.

*For Schedule, see Supplemental Gazette, dated 29th March 1900.

3. Parties intending to bid must attend either in person or by duly authorized agents, and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 200 for each defined tract or farm or such other reasonable amount as may be fixed by the officer conducting the sale. As soon as the auction is completed, the deposits made by the unsuccessful bidders will be returned to them. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to $\frac{3}{8}$ths of a month's rent; and within fifteen days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he fails to make either of the deposits aforesaid, the deposits already made will be forfeited, and the exclusive privilege will be immediately re-sold or otherwise disposed of as the Deputy Commissioner may direct; and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss by the re-sale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by the purchaser of the terms of his agreement; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will qe binding on his heirs or assigns.

6. The details of consumption of Arrack in the shops of the existing farms and at depôts, the amount of rental of each farm, &c., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1900; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from the "East India Distilleries and Sugar Factories, Limited," who have been appointed manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said manufacturers for Arrack supplied by them, shall be $6\frac{1}{3}$ annas per gallon of 20° under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 6-6-0 per gallon of 20° under-proof (*i. e.*, at annas 2 per dram which is equal to $\frac{1}{5}$ st part of a gallon), and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the manufacturers is in addition to excise duty, which shall be prepaid into the local Government Treasury, as per following condition (5), at Rs. $4\frac{3}{4}$ before the removal of Arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such Arrack to the manufacturers or their agent, or any person appointed by Government in this behalf, the Supervisor or other officer in charge of the Distillery, or the Bonded Depôt-keeper, as the case may be, shall issue the quantity of Arrack equal to the amount of duty shown in the Treasury Officer's receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Supervisor, or other officer, or Bonded Depôt-keeper aforesaid, as to the date and hour when the Arrack was issued. The Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form under the rules in force for the transport of the Arrack from the Distillery. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of Arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore district shall maintain at a place or places within his farm where it may be considered necessary by the Deputy Commissioner, a depôt or depôts to which all Arrack purchased by him shall in the first instance be conveyed in his own casks for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The depôt shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being borne by the Government contractor for carriage of Arrack to Bonded Depôts. Provided however that in the event of the licensees prepaying the duty and price of the whole contents of any casks received from the Distillery, they will be at liberty to distribute the whole quantity at

once to their shops or to remove it in their own vessels to any depôt which they may open within their farm under the Deputy Commissioner's license, and issue therefrom the requisite supply to their shops. The licensees of Vend Farms shall be bound to keep in depôts such stock of arrack as may be ordered by the Excise Commissioner.

(7) With the consignments of arrack from the Distillery or Bonded Depôt to Farm Depôts, as well as with those from Farm Depôts or Bonded Depôts to shops, sample bottles shall be issued in such manner as may be ordered by the Excise Commissioner. The arrack kept in Farm Depôts or issued therefrom to shops, as well as the arrack kept in shops or sold therefrom to the public, shall be of the same quality and strength as issued from the Distillery or Bonded Depôt, and shall not be adulterated or diluted in any manner whatever.

(8) The licensee shall keep true accounts of the quantity and strength of the Arrack purchased by him and issued to shop-keepers. The passes issued with the Arrack purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The Arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the taluk within which his farm is situated, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the taluk, to hold any share or interest in his exclusive privilege of selling Arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any Arrack farm in any districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any Arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1900 in the existing Bonded Depôt in his farm, or in the Farm Depôt, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force, and by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of Accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license and re-sell the exclusive privilege or to otherwise dispose of it, at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses

accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1900, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other law for the time being in force.

SALE OF SEPARATE ARRACK SHOPS FOR 1900-1901.

No. 6247—Ex. 292, dated 1st March 1900.

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the subjoined *schedule, for the twelve months beginning with 1st July 1900, and ending with 30th June 1901, will be put up to public auction on the dates and at the place named in the said schedule, by the Deputy Commissioner or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, unless revised by Government for special reasons, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders, and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for that shop; and within seven days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent. Should he fail to make either of the deposits aforesaid, the deposits already made will be forfeited, the shop will at once be re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he will be debarred from bidding again for the same or for any other shop.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. Persons to whom shops have been knocked down shall, within ten days of the expiry of the period of seven days above mentioned, take out licenses and execute agreements in the prescribed form, binding themselves and so much of their movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by them of the terms of their agreement. On the failure of any person to take out licenses or to execute agreements as aforesaid, the shop or shops will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The amount of rental, the consumption of each shop, &c., for several years past are specified in the appended schedule.

*For Schedule, see Supplemental Gazette, dated 29th March 1900.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of Arrack of the strength of 20° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the foreign liquor shop-keepers alone are permitted to sell.

(2) (*a*) The amount for which the privilege has been purchased shall be payable into the local Government Treasury in equal monthly instalments commencing from July 1900; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare by record in writing, that the lease is forfeited and proceed to re-sell the shops as soon after the last day of the month as may be possible. The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the lease. Provided, however, that when the shops are re-sold, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the shops. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(3) The licensee shall purchase the Arrack to be sold in his shop from the "East India Distilleries and Sugar Factories, Limited" who have been appointed manufacturers of Arrack and other country spirits to the State, at the rate of $6\frac{1}{2}$ annas per gallon of 20° under-proof delivered at the Distillery, or from a Bonded Depot established under the sanction of Government. The arrack shall be sold to the public by the licensee at Rs. 6-6-0 per gallon of 20° under-proof, (*i. e.*, at annas 2 per dram which is equal to 1—51st part of a gallon).

(4) The licensee of every shop in the towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all Arrack sold by him in excess of 55 gallons a month in each such shop.

(5) The above rate to be charged by the manufacturers, and the above fees are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. $4\frac{1}{4}$ per gallon of 20° under-proof, before the removal of the Arrack from the Bonded Depot established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a special shroff appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays, and shall obtain a receipt in the prescribed printed form. On production of such receipt, and an indent for the supply of the Arrack covered by the receipt, the Bonded Depot-keeper shall issue the quantity of Arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's office under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the arrack was issued. The Depot-keeper aforesaid shall issue a pass in the prescribed form for the transport of Arrack from the Bonded Depot.

(7) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms

of accounts and permits or passes for transport of Arrack, which forms shall be purchased from local Excise officers.

(8) Resignations of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(9) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(10) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop, or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or for such neglect, or, at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and to re-sell the shop or to otherwise dispose of it at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1900, shall be made good by him. When a shop is cancelled, the rent for the whole period of the shop shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

9. The penalties laid down in the last preceding clause shall not exempt the licensee or his employes from prosecution for any offence committed against the Excise laws or other law in force.

By Order,

C. SREENIVASIENGAR,

Secy. to Govt., Gen. & Rev. Depts.

READ—

Letter No. 4640—202, dated 12th February 1900, from the Excise Commissioner in Mysore, submitting, for approval and publication, a draft Notification regarding the sale of Toddy Shops for the year 1900-1901.

No. 6530-39—Ex. 216, DATED BANGALORE, 17TH MARCH 1900.

ORDER THEREON—The draft Notification submitted by the Excise Commissioner is approved, with certain modifications, and forwarded to the Press for publication in a *Gazette Extraordinary* at once and in three successive ordinary issues of the *Gazette*, both in English and in Kanarese, the schedule being published in the first issue and a reference thereto made in the subsequent issues.

2. The Excise Commissioner is requested to submit reports on the results of the sales as received from the District Officers, besides a general brief report, with the prescribed tabular statements, before the end of the current official year.

3. Separate instructions will follow as regards the proposal to shorten the period of license for tapping date trees. In the meantime, the system of annual licenses will continue in 1900-1901.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

(Notification No. 6540—Ex. 217, dated 17th March 1900, with Schedule, is appended hereto.)

To—The Excise Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Comptroller to the Government of Mysore.

SALE OF TODDY SHOPS FOR 1900-1901.

NOTIFICATION No. 6540—Ex. 217, DATED BANGALORE, 17TH MARCH 1900.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling toddy in each shop or group of shops specified in the appended *Schedule for one year, beginning with 1st July 1900 and ending with 30th June 1901, will be put up to public auction by the respective Deputy Commissioners or by Revenue Sub-Division Officers or Divisional Officers of the Excise Department or Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said Schedule, and at the respective taluk kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on abovenamed days, they will be continued on the next following days. The licensee is not required to make any additional payment on account of local cess. The Officer conducting the sale shall be at liberty to revise when necessary the grouping of shops as specified in Schedule hereto appended, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation, or to sell the privilege in any Coffee Estate to the planter for a fixed amount not less than Rs. 12 per shop. The sale in every case shall be subject to the conditions hereinafter set forth and shall, unless revised by the Government, take effect upon formal confirmation by the Deputy Commissioner.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself, and so much

*F Schedule, see Supplemental Gazette, dated 29th March 1900.

of his movable and immovable property as may be deemed sufficient to observe the conditions hereinafter set forth as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the surety bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the re-sale or other disposal but shall not be entitled to any gain by the re-sale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above and to furnish approved personal security for an amount equal to four months' rent, or to deposit two months' rent and to furnish personal security for an amount equal to three months' rent. In all cases where the monthly rent does not exceed rupees ten, a cash deposit equal to three months' rent shall invariably be taken, and no personal security shall be demanded or accepted.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shops or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Supervisor, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani, and dadasal toddy. But in tracts where both date and bagani toddy shops exist, the licensee of the date toddy shop shall not tap Bagani trees, and the licensee of the bagani toddy shop shall not tap date trees; but both licensees can tap any of the other palm trees named above.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1900, each instalment shall be regarded as the rent for the month in respect of which it is payable. But if the amount of annual rent for any shop does not exceed Rs. 5, the whole of it shall be paid in the first instalment. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, forfeit all deposits made by the defaulter, and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the same as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents the aggregate of which is not less than the rent, the defaulting licensee had agreed to pay.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale.

(5) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(6) Toddy shall not be sold to the public at less than the retail rates specified in the appended schedule.

(7) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts, if any.

(8) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The licensee of the depôt shall keep true accounts of the quantity of toddy received in the depôt and issued to the shops. The passes issued with the toddy transported shall be subject to examination and check by the officers authorized in this behalf.

(9) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited. Provided, however, that in bagani tracts the licensee who has purchased the right of vend of bagani toddy may permit the tapping of bagani trees for domestic consumption, as well as for sale within the limits of the village purchased by him. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack within the taluk in which his shop is situated nor permit any person having interest in the exclusive privilege of vending arrack in the taluk to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the Territories of Mysore.

(12) The licensee shall be bound by the provisions of the Excise law and rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(13) The license shall not be transferrable, except with the permission of the Excise Commissioner.

6. The Tree-tapping Rules provide as follows:—

(1) Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorized Agents,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the Tree-tax prescribed in clause 9 below and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the prescribed tree-tax for drawing toddy for *bonâ fide* domestic purposes as per Government Order No. 11897-906—Excise 485, dated 20th June 1898, for such Number of trees as may be found necessary by the Excise Commissioner.

The licenses may be issued in the name of applicant himself or of his nominees.

(2) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him.

(3) Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

(4) Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree tax on account of the trees licensed therein to be tapped.

(5) On receipt of an application the Supervisor will at once take steps for the marking of the trees by an Officer superior in rank to an Examiner and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice the tree-tax paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

(6) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(7) No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury.

(8) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the licensee, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the 15 days, and pots may be attached to such marked trees during the five days, immediately preceding the period to which they relate, to take effect from the commencement of such period, provided that no toddy shall be removed from the trees except during the currency of such license.

(9) No tree is to be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

TREE.	Tree-tax for each tree per annum including local cess Rs. a. p.
Date	1 1 0
Cocoanut	2 2 0
Palmyra	1 9 6
Bagani or Sago palm	1 9 6
Dadasal (Arenga wightii)	0 8 6

NOTE—The licenses will be free of tax to the Mysore Government in the cases specified in clause I (*b*) and (*c*) above.

(10) The Government waive for the year 1900-1901, the levy of a rent, in addition to tree-tax, on Government trees tapped for supply of shops included in this Notification.

NOTE (1) Tree rent at 4 annas per tree with local cess thereon shall be levied for Government trees tapped for the supply of shops in the Civil and Military Station of Bangalore and those outside the Territories of Mysore.

NOTE (2) No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject of course to the levy by Government of tree-tax.

(11) The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
tween 1st July 1900 and 30th April 1901.	One-third ...	The remaining two-thirds. But if the number of date, cocoanut and palmyra trees applied for be ten or less than ten, and of bagani and dadasal trees be five or less than five, the whole amount of tree-tax payable thereon, shall be paid with the application.
tween 1st May 1901 and 30th June 1901.	The whole ...	

(12) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(*a*) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules.

(*b*) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Thasildar's Treasury concerned in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Thasildar after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(*c*) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the Officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(*d*) The Supervisor concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching near any Mysore toddy shops. The latter should not be

located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(*c*) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

(13) In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the district, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

(14) Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any Officer duly empowered by it in this behalf.

(15) Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

(16) Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be over tapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than 3 feet from the ground except in places where permission is specially given.

(*e*) No date tree shall be cut to a greater depth than one-third of its diameter.

(*f*) Everry fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) Not less than eight leaves should be left on each tree.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him which may die from over tapping or careless tapping either during the lease or within six months after its expiration.

7. In case of any breach of the conditions of the license, either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the lease shall become due at once; and all loss caused to Government by the cancelment or re-sale or otherwise of the license shall be made good by the licensee or his surety in the manner specified for re-sales in para 3 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

8. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the law for the time being in force.

No. 6781—Ex. F. 23-98, dated Bangalore, 23rd March 1900.

ORDER THEREON—It will be observed from the accompanying abstract that there has been a net decrease of Rs. 34,588-4-0 in the arrack rental of the State for the year 1899-1900 as compared with that of the year previous. The decrease is reported to be due to the fall in the consumption of arrack, owing to the prevalence of plague and the consequent preventive measures adopted. The falling off was general in the districts of Bangalore, Kolar, Mysore and Shimoga, while it was the largest in the Kolar district, amounting to Rs. 27,342. The small increase of Rs. 3,884-3-0 in the Chitaldrug district is ascribed to increased arrack consumption at Marikanave, where large numbers of labourers are employed on the irrigation work carried on by the Public Works Department.

Proceedings of the Government of Mysore,

READ—

Letter No. 2257—390, dated the 9th January 1900, from the Conservator of Forests in Mysore, submitting original records relating to a sum of Rs. 1,568-1-2, due by certain contractors, who had purchased the right of collecting tangadi and kakke bark in the Shimoga, Honnali and Shikarpur taluks, which the Deputy Commissioner of Shimoga proposes to write off the accounts.

No. 6380—FT. F. 18-99, DATED BANGALORE, 8TH MARCH 1900.

ORDER THEREON—The Deputy Commissioner, who could have rejected any bid without assigning reasons therefor, should have satisfied himself as to the whereabouts of the highest bidders in these cases and as to the probability of their fulfilling the terms of their contract.

2. It is not clear how, in the face of para 9 of the muchalikas under which removal could only be made under passes, there could be any difficulty in ascertaining the quantity of bark removed. Whether any, and what quantity of bark collected remained unremoved is not also clear.

3. It is strange that the amount of the sales in question was not brought on the demand account.

4. Mr. Narayana Rao was the Forest Officer at the time of the sale and Mr. Abdul Karim was the Forest Officer, who carried on the subsequent correspondence.

5. The papers do not show how the sales in question compared with those (if any) of previous years.

6. The Deputy Commissioner should be called upon to submit explanation on all the above points. The irregularities and omissions noticed are serious. The explanations of the District Forest Officers concerned should be obtained. It is observed that when a Government Officer omits to take even the most ordinary precautions for safeguarding the Government revenue he is expected to make out a very strong case to relieve him from that personal liability which a case of neglect will attach to his conduct. The taking of security was, in the case of strangers like the defaulters in question, a *sine qua non*. It is most strange that the individuals could not be found out and their identity established. *Prima facie* this is a case of gross neglect.

READ THE FOLLOWING PAPERS—

Proceedings of the Dasara Representative Assembly of 1897.

Subject No. 232.

Issue of licenses by local Officers for timber to raiyats who have no jungles allotted in their taluks.

Summary of discussion.—As there are no jungles in the Honnali taluk, the raiyats of the taluk are at present obliged to go to other taluks to bring wood, &c., for their requirements under the raiyats' privileges rules. They have to apply first to the Amildar of the Honnali taluk who grants a certificate after making necessary enquiries. Then they have to go either to the Amildar of Shimoga or to the Deputy Amildar of Kumsi where there are jungles, pay money and obtain licenses. Sometimes the Amildar of Shimoga and the Deputy Amildar of Kumsi decline to grant such licenses. To obviate all this delay and difficulty, an assignment of jungles for the use of the raiyats of the Honnali taluk may be made from those of the neighbouring taluk of Shimoga and sub-taluk of Kumsi and licenses given after crediting the money in the Honnali Taluk Treasury, copies of such licenses being sent to Shimoga and Kumsi for reference.

Reply of Government.—The wants of the taluk containing jungles are entitled to the first consideration. If there is a surplus left after meeting local requirements, other people can have it. The Deputy Commissioner and the Forest Department will investigate the question. Applications to two Amildars do not seem necessary.

2. Letter No. 312—28, dated the 9th October 1899, from the Deputy Commissioner of Shimoga.

Subject No. 232.
Issue of licenses by local Officers for timber to raiyats who have no jungles allotted in their taluks.

With reference to your official memorandum No. 2447—Ft. F. 5-98, dated 20th September 1898, requesting to give effect to the reply of Government to Subject No. 232 of the Dasara Representative Assembly Proceedings of 1897, as per margin, I have the honor to state that I do not see how difficulty complained of can be avoided. Honnali Amildar has to certify about the applicant being a raiyat, &c., but he cannot issue licenses in jungles where he has no control. But it may be arranged that the Honnali Amildar may himself get the license from the Kumsi or Shimoga Amildar and deliver it to the raiyat concerned in his taluk and thus save the latter the trouble of going to two Officers personally.

---

3. Letter No. C. 270—429, dated the 18th January 1900, from the Conservator of Forests.

Referring to your General No. 4185—Ft. F. 5-98, dated the 8th ultimo, I have the honor to furnish, as requested, my opinion regarding the issue by local Officers of licenses for timber to raiyats who have no jungles allotted in their taluks.

2. So far as the particular case of the Honnali taluk is concerned, I agree with the remarks of the Deputy Commissioner as recorded in his letter No. 312—28, dated the 9th Octobar last. But I would point out, what the Deputy Commissioner apparently has overlooked, that inasmuch as no jungles have been assigned in the taluk of Shimoga or in the sub-taluk of Kumsi for enjoyment by villagers in the Honnali taluk, the latter, under the rules (Notification No. 6084—Ft. F. 105-95, dated 8th January 1896) have no claim to exercise in Shimoga and Kumsi any forest privilege whatsoever. That, even so, they are discontented, because their applications for produce are scrutinised by two officials, is characteristic.

3. As regards the general question involved, I would invite a reference to the Proceedings of Government recorded in a case identical with that of the Honnali raiyats (Proceedings No. 7148—Ft. 444, dated 5th February 1897) adding that I concur in the remarks recorded by Colonel Walker in that case. I also venture to express my entire personal agreement in the principles enunciated in para 3 of Government Order No. 6075-83—Ft. F. 105-95, dated 8th January 1896 which deals with this subject.

4. Under the existing raiyat's privilege rules (No. 8) and under the proposed Forest Regulation (Chapter III) portions of district forests may be specially set apart for use by any community, village or group of villages. When the favoured village is at a distance from the forest so set apart the considerations involved should, in my opinion, be very specially weighed, for otherwise most inconvenient precedents may be created and the existing notorious abuse of the rules will be increased. I notice that, in many parts of the Province, theraiyats complain that they have no, or insufficient district forest. In many cases that is due to the fact that formerly existing forests were absued or destroyed. But even had that not happened the raiyats of forest-less taluks have no proper grounds of complaint simply because in other localities there is ample forest for local requirements In all parts of India I believe the principle is adopted and applied in practice that forest produce, primarily (as in Mysore) the property of the State must, if granted free or at reduced rates to the people, be distributed on a local basis. Those persons residing nearest to the forests are fortunately situated and have the greatest claim. The conservation of the forests still remaining would be impossible were this principle not accepted. And in Mysore the proposition has all the greater force in that the raiyats, even in the forest-clad taluks have no prescriptive right the district forests and the forest privileges conceded being capable of resumption at any time.

5. It is because, in years past, forests were not specially set apart for specified villages that in so many cases the villagers are now without the fuel and timber they require Whether, therefore, areas be assigned under the Forest rules, or village forests are formed in view to provide for requirements such as those of the Honnali villages, it seems to me essential that the principle laid down in the Government order of January 1896 should be very strictly applied. To quote the Order: "It is only where necessity exists and it is possible to make the concession without prejudice to the requirements of the raiyats of the village in which the jungle is situated that such assignment can be made; in which case

the area should be carefully selected, defined and demarcated by a responsible Officer, after hearing objections, if any, on the part of the villagers in the immediate vicinity." It will be observed that Chapter III of the Draft Forest Regulation fully provides for the application of this principle.

No. 6393-401—Ft. F. 5-98, dated Bangalore, 8th March 1900.

Order thereon—The Government agree with the Conservator of Forests. The concession to the raiyats to be benefited to the extent of the available forest supply must be regulated on a local basis. Those nearer a forest are certainly better situated in this respect than those at a distance and the latter cannot obtain their supply to the prejudice of the former. This principle has been clearly enunciated in Government Order No. 6075-83—Ft. F. 105-95, dated the 8th January 1896 in the following words:—

"3. The existing Rule 8 apparently restricts raiyats to exercise their privileges within the forests situate within their own villages. It is, therefore, proposed to add after the word 'attached' the words or 'has been assigned' so as to admit of raiyats, who have no jungle in their own village taking wood from the jungle of another village which has been assigned to them, Mr. Ricketts' views with considerable apprehension the proposed assignment; but, as pointed out by the present Conservator of Forests, it does not follow that because a village has no forest, it is necessary to assign one and create privileges which either never existed or had ceased to exist through the disappearence of the forest by the spread of cultivation or other causes. It is only where necessity exists, and it is possible to make the concession without prejudice to the requirements of the raiyats of the village in which the jungle is situate, that such assignment can be made, in which case the area should be carefully selected, defined, and demarcated by a responsible Officer, after hearing objections, if any, on the part of the villagers in the immediate vicinity. Colonel Walker very properly points out that forest privileges, as a rule, exist or are granted to make up for disadvantages consequent on the situation of villages in or near forest areas, such as remoteness from markets, bad roads, malaria, danger from wild beasts, and rough and defective methods of cultivation, and should not be readily granted to others more favorably circumstanced in the above and other respects. It will, however, be clearly understood, that in all cases, whether the jungles in which raiyats' privileges may be exercised, existed, or have been assigned, if it be found that they are denuded, no fresh assignments will be made. The foregoing observations should be borne in mind in giving effect to Rule 8 as now amended."

2. Opportunity is now taken to reaffirm the above principle as also to emphasize the direction that the local Officers are held responsible that the forests within their jurisdictions are not over-worked and destroyed. The strict and careful conservation of such forests, so that their present use and future development may not be impaired, is the foremost duty of the Officers concerned, and it is with due regard to these requirements that they are expected to regulate the exercise of privileges conceded to raiyats. It follows that if this local responsibility is to be properly fixed and enforced, the Amildar in whose taluk the forest is situated should exercise his discretion before granting the licenses applied for.

3. The existing rules cannot therefore be modified and the utmost that can be sanctioned is that as suggested by the Deputy Commissioner of Shimoga the Amildar of the taluk in which the applicant resides shall, if so desired, forward the application with his recommendation to the Amildar in whose jurisdiction the forest is situate for such disposal as to him may seem proper.

No. 6503-4—Ft. F. 147-95, dated Bangalore, 15th March 1900.

ORDER THEREON—The facts of the case are as follows :—

In February 1895 one Papanna filed a suit against the Khedda Superintendent and his Head Clerk for the recovery of a sum of Rs. 176-8-0, alleged to be due to him on account of carts supplied to the Khedda Department in 1892. On the 18th March 1895 a written statement was filed denying the claim, and on the 20th idem application was made to Government for permission to defend the suit on its behalf. The Inspector General of Forests was however informed that as permission had not been obtained before filing the defence statement, the Government would await the result of the suit before deciding who should pay the costs or damages, if any, that might be awarded by the Court.

2. The suit came on for hearing and was finally dismissed with costs both in the original and the appellate Courts. Mr. Rangaiengar, who defended the suit throughout the proceedings, submitted a bill for Rs. 75-11-7 ; but it has since been reported that he is willing to receive Rs. 30 for the original suit and Rs. 20 for the appeal, together with a balance of annas 11-8 due on account of Court expenses. The Conservator further reports that the costs awarded in the original and appellate Courts, amount to Rs. 28-14-6, and that for the execution of the decrees for costs he has authorized an expenditure of Rs. 10-9-7.

3. Mr. Pigot, however, states it as his opinion that the fees demanded should not be debited to the Forest budget, but that the matter should be left to Mr. Rangaiengar and the parties whom he defended to be settled between themselves.

4. The result of the suit shows that it was founded upon a false cause of action though there is no doubt whatever that as stated it arose out of the official doings of the Khedda Superintendent in his official capacity. The irregularities referred to in the judgment of the Munsiff relate to laxity and carelessness in the office and not to the substance of the claim or to the proper execution of the contract. The claim under the circumstances was one which it was necessary for the Khedda Department to resist. The omission to report the matter to Government and obtain its previous orders for conducting the defence was again an irregularity of procedure, which is admitted to be due to ignorance and is such as might be overlooked in the case of an officer of the Khedda Department. At all events, that circumstance alone does not justify the Government in making the officer concerned personally and pecuniarly liable for the costs of the defence, which are reasonable and *not unduly* extravagant. The Conservator has indeed already sanctioned a small expenditure for the recovery, by execution of the decrees, of the costs awarded by the Courts, and it would be anomalous if the Government were to refuse the actual costs incurred by the defence for obtaining that decree.

5. Under these circumstances, sanction is accorded to the payment of Rs. 50-11-8 to Mr. Rangaiengar out of the general savings in the Forest Khedda, budget.

(2) Letter No. 2794—21, dated Bangalore, 24th February 1900, from the Conservator of Forests in Mysore, to the Deputy Commissioner, Shimoga District.

I have the honor to invite your early attention to your District Forest Officer's letter No. 447, dated the 29th ultimo, in which sanction is requested for supplementary budget provision for the large sum of Rs. 21,500, and to communicate the following remarks.

2. The funds are stated to be required to meet unforeseen or unavoidable charges under—

1 (*a*) Timber.
(*c*) Bamboos.
(*d*) Sandalwood..

As bearing on the question of the amount of care exercised by the District Forest Officer in estimating charges and in restricting his expenditure to sanctioned limit, I would first observe that the provision originally made by the District Forest Officer in his estimates under the three sub-heads of account was retained unchanged in the figures submitted to Government. Subsequently the figures were considerably augmented under "Timber" and "Sandalwood" by re-appropriations from other (District) Forest budget heads, and now it appears that even these re-appropriations are wholly insufficient.

1 (*d*)	.. 20,000	26,000	34,000

3. Turning to the District Forest Officer's justification for this increased expenditure I note as follows:—

1 (a) Timber and 1 (c) Bamboos.—It is stated that "a sum of Rs. 4,394-12-2 has been adjusted towards last year's collection which remained unpaid at the beginning of this year, and thus a sum of Rs, 9,427-1-10 has already been spent out of the current year's allotment under 1 *(a)* on account of the special works referred to—which were not included in the original budget estimate as they were not then anticipated. But as the above works were unavoidably undertaken, this supplementary budget estimate is now submitted, &c." Taking, however, the facts as reported, it appears that, of the Rs. 9,427-1-10 Rs. 4,394-12-2 are on account of charges properly pertaining to 1898-99. The whole or most of the latter sum should have been disbursed in 1898-99. If not "anticipated," as I clearly think it might have been, for the budget of the current year, the necessity of providing for it should have become apparent as long ago as July 1899, and a report and supplementary estimate should then have been submitted. And if the "special" works were unavoidable, which I cannot admit, obviously they should have been undertaken subject to budget limits. This is true of the floating experiments to Harihar; still more true of the "dry timber exploitation" (Rs. 2,086); for, in default of sanction, a corresponding deduction should have been made on the charges on "green timber exploitation." Again, a considerable charge has been incurred or is proposed in connection with plague. I understand that plague does not exist in the district; but in any case the requisite sanction to expenditure not provided for in the estimates, has neither been asked for nor obtained.

1 (d) Sandalwood.—While the sanctioned allotment is Rs. 26,000, Rs. 27,691-10-8 have been spent and Rs. 8,000 are still owing! In place of 800 tons 2,184 tons have been collected. I see no sufficient reasons for this. Facilities as to labor might have justified an increased collection within budget limits and when properly authorised. But the budget was wholly inadequate to meet the required charges; while the sandal kotis are (as I am aware) dangerously overstocked with wood which it is difficult to protect from fire and from theft.

4. It is impossible to avoid the conclusion that the District Forest Officer has been sanctioning works and authorising expenditure without reference to budget limits by which he, like myself, is bound. It is likewise impossible in these circumstances to economically administer expenditure under the general Forest budget or to guarantee a proper apportionment of funds among the various districts. Granted that the charges to which the District Forest Officer without reference to his budget or to me has committed Government are really reproductive, what grounds has he for supposing that so large a sum as Rs. 21,000 (*i. e.* one-third of his original total estimate) is available from the total Forest grant, or that Government, in present circumstances, is desirous of augmenting that grant?

5. I have telegraphed to you that I can at present only provide Rs. 10,000 and steps have been taken to furnish this sum at once. Actually, although the District Forest Officer has expended *all* his funds for the year, the credits for the fourth quarter are not yet due. I cannot therefore say what extra funds (if any) can be provided except by an additional grant from Government. Meanwhile, as intimated, the District Forest Officer should carefully restrict expenditure. Further sandal collection should be absolutely stopped. The District Forest Officer should go carefully through his accounts, examine the actual charges to date and frame a careful estimate of the additional total sum, in excess of the Rs. 10,000 alluded to, which will enable him to meet his liabilities during the current year. But disbursements properly pertaining to this year should not be postponed until next. I request that the District Forest Officer's report, in which every sub-head of account should be considered and all possible re-appropriations proposed, may be furnished to me at the earliest possible date.

No. 6505—Ft. F. 19-98, dated Bangalore, 15th March 1900.

Order thereon—Recorded.

2. The Conservator has rightly impressed the District Forest Officer with the serious responsibility he has incurred in exceeding the budget limits of expenditure and in overstocking the depôts with excessive quantities of sandalwood.

3. The Government also agree with the Conservator in his remarks regarding the want of care and foresight displayed in the preparation of the District Forest Budget.

4. The further action to be taken by Government will be decided when the further report promised by the Conservator is submitted. In the meantime the desirability of keeping within the sanctioned budget limits is advised.

The following communications from the Conservator of Forests in Mysore :—

(1) Letter No. 1700—83, dated the 26th September 1897, submitting proposals for the revision of Forest establishment in Mysore.

(2) Letter No. 1274—77, dated 27th September 1899, requesting that the pay of the Head Clerk may be raised to Rs. 100, with effect from 1st July 1898.

No. 6817-26—FT. F. 53-95, DATED BANGALORE, 24TH MARCH 1900.

ORDER THEREON—Government have carefully considered the proposals submitted by the Conservator of Forests.

2. *I. Controlling Staff.*—They are of opinion that Colonel Campbell Walker's proposals regarding the revision of the controlling staff should be reserved for further consideration. They also consider that the grade of Sub-Assistant Conservator should be retained for the purpose of recruitment for the higher grades.

3. *II. Executive Staff.*—There are at present 27 Ranges, of which six are under the charge of Assistant and Sub-Assistant Conservators, four under that of Foresters and the remaining 17 under that of Rangers. Three additional Ranges are now proposed to be formed. This proposal will, however, be held in abeyance pending a further report from the Conservator as to the necessity for the addition.

4. The Government agree that it is undesirable to have such an important charge as a Range officered by subordinate officials of the rank of Foresters. But at the same time they see no reason why, in special cases, Assistant and Sub-Assistant Conservators should not be placed in charge of Ranges. While, therefore, sanctioning the proposed increase in the number of Rangers from 17 to 27, Government desire that this scale be, in practical application, reduced to the extent to which Assistant and Sub-Assistant Conservators may, for the time being, be in charge of Ranges.

5. The proposal to improve the prospects of Sandal Darogas by grading them with Rangers, is approved, the total number of Rangers being thus raised to 35

6. The gradation and distribution of the sanctioned maximum scale of Rangers will be as below :—

2 on	Rs. 100	(1st grade)
3 on	„ 80	(2nd grade)
6 on	„ 70	(3rd grade)
10 on	„ 60	(4th grade)
10 on	„ 50	(5th grade)
4 on	„ 40	(6th grade)

7. The fixed travelling allowance for an officer in charge of a Range will be as follows :—

	Maidan.	Malnad.
	Rs.	Rs.
If a Ranger	20	30
If a Sub-Assistant or Assistant Conservator ...	30	40

8. The number of Surveyors will remain the same as at present, namely, three. Their pay, however, will be raised from Rs. 75 to Rs. 85 each, this increase being given by two annual increments of Rs. 5 each. They will continue to draw their present fixed travelling allowance of Rs. 30 per mensem.

9. *III. Protective Staff.*—The proposal to simplify the classification of the whole Protective Staff by re-classing the members thereof as Foresters and Forest guards, is approved, as also the proposal to raise their strength by 42 and to revise their salaries at a net additional cost of Rs. 34,104 per annum. The temporary hands hitherto employed will, under this sanction, be transferred to the permanent establishment.

10. *IV. Office Establishment.*—The Conservator's office establishment will, as proposed, be revised at a net additional cost of Rs. 298 per mensem. This does not include the Manager, whose case will stand over for the present, subject to further proposal, which, it is believed, the Conservator will shortly submit.

11. As regards the Forest establishment of District Offices, the Conservator will be good enough to place himself in communication with Deputy Commissioners and, after ascertaining their views, submit such modified proposals as may seem called for.

12. *V. General.*—The limits of the several sanctions given above will be observed as maxima in respect of each class, which should only be availed of gradually and to the extent absolutely necessary in public interests. Government rely upon the Conservator using his best discretion and judgment in this matter and in introducing the revision, district by district, commencing with those districts where improvement is most desirable, and paying the closest possible attention to the strictest economy, so essential in a year of unfavorable seasons like the one current.

13. The Conservator and the Deputy Commissioners will bear continuously in view that the main object of increasing salaries is to obtain the services of a better class of men for Forest work in all its branches. It follows that the re-organization now sanctioned can be worked up to only gradually. Incapable men should be got rid of or should be retained in the lower grades. New appointments should only be given to men who possess the necessary general qualifications in respect of age, physique, and education and who may pass special qualifying tests (such as the one for Accountants) to be prescribed hereafter. Thus no Forester should be appointed, who has not passed the Lower Secondary Test. Further orders in these and cognate matters will be embodied in the Departmental Code.

14. Patronage in new appointments, or in promoting men above the rank of Guard in the Protective Staff, should rest for the present in the Conservator, so that a uniform standard of qualification in the Provincial service may be secured.

READ THE FOLLOWING—

Letter No. 2554—460, dated the 31st January 1900, from the Conservator of Forests in Mysore.

Adverting to Order No. 4863-4—Ft. F. 143-95, dated the 10th instant, I have the honor to forward, in original, and for favor of return when no longer required, a report on the leather trade in Madras as affecting the Mysore Forest Revenue derived from tanning barks, compiled by Mr. Ramaswami Iyer, Assistant Conservator.

2. The report confirms the result of my own enquiries at Madras and the opinion of the Senior Conservator of that Presidency who has written to me unofficially upon the subject, namely, that the great decline recently experienced in the sale of tanning barks is due to causes of permanent effect, and that therefore there is little or no prospect of any considerable recovery in the revenue heretofore realised from this source. The great change in the conditions under which the Madras export trade in skins and hides was formerly conducted will most injuriously affect one of the main items of Forest revenue, which was all the more profitable in that the receipts were practically nett, there being no charges for collection. In recent years, the annual revenue from tanning barks has been in round numbers about Rs. 40,000, and of this the major part must probably be foregone in future.

3. Mr. Ramaswami Iyer's report is, I consider, comprehensive and clear, and he appears to have made good use of his time during the period of his deputation.

Camp No. 27, District Forest Office, Kolar, dated 14th January 1900, from the District Forest Officer, Kolar District, to the Conservator of Forests in Mysore, through the Deputy Commissioner, Kolar District.

I have the honor to report, in continuation of my docket No. Camp 21, dated 27th December 1899, that I returned to Malur on the 11th instant after studying the present condition and future prospects of the trade in skins and hides as well as of the tanning industry at Madras. During my stay there, from the 28th ultimo up to the 10th instant, I inspected several tanneries, leather shops and bark kotics. I also visited the Collector of Sea Customs, the Conservator of Forests, Central Circle, Rajah Sir Savalai Ramaswami Mudaliar, Dubash to Messrs. Arbuthnot & Co., the Secretary and Forest Assistant to the Board of Revenue, besides numerous merchants, commission agents and officials connected with the leather and tanning business. I regret that my stay at Madras was unfortunately protracted for 15 days against 10 days sanctioned by you, because nearly all the mercantile firms were closed for Christmas till the 2nd instant and the public offices were not re-opened till the 8th instant. I beg to state, however, that I used my time to the best advantage in visiting places of business and in gathering detailed information from local people on matters connected with these topics. I now proceed to report the result of my enquiry.

2. Madras enjoyed continued prosperity in the tanning industry during the whole of the latter quarter of the present century, especially till 1895, when a great depression in the export of leather to America very materially affected the business. Up to about 1885 skins and hides previously tanned in the Madras Presidency used to be exported to Europe in the first instance and thence to America and other parts of the world; but subsequently, for about 10 years afterwards, these articles were despatched direct to the United States of America. It was during the decade 1885-1895 that the tanneries at Madras, Bangalore, Dindigul, Coimbatore, Ambur, Vaniambadi and some other places in Southern India were at the zenith of prosperity. Nearly 75 per cent of the total Indian produce in raw skins and hides including that of the Punjab, North Western Provinces and even Bengal used to feed them. It is said that there were no less than 500 tanneries in this part of the Peninsula, manufacturing leather worth several crores of rupees, and consuming thousands of waggon loads of tanning barks, valued at several lakh of rupees. The glory of the leather trade and of the tanning work at Madras began to decline about 10 years ago, when factories were opened at Calcutta for drying raw skins and hides for shipment direct to America and Japan, and later on the retardation of the industry was augmented by the restrictions placed on the export of leather to Europe, consequent on the outbreak of plague in Bombay and other parts of India.

3. In the meanwhile the Americans discovered the art of tanning and dressing the raw material by the application of chemicals and electricity and they have been able to do this far more efficiently and much more quickly, *i. e.*, in 5 days against 7 weeks in Madras and far more cheaply too (about an anna and half per lb. against 3½ to 4 annas in India). The Indian method of tanning never satisfied the Americans because the gallnut employed in the process inparts a yellowish brown colour to the substance of the leather which unless bleached will not take other colours. The Madras leather is also overweighted with oil or grease which is applied to give a shining surface. This not only enhances the cost of transport and import duty but also requires time and money for its removal before the application of colours. To save all these drawbacks, the Americans have been buying crude or semi-crude skins and hides and manufacturing leather in their own country by a very expeditious, a most efficient and cheap method. The leather prepared in America is said to be quite clean and more capable of taking colours of different shades than the Indian tans. The exportation of raw material to America obtained an impetus a few years ago by the levy of a duty of 18 per cent on tanned leather imported from India, the import duty on semi-crude or pickled skins and hides being only 5 per cent and none at all on dry skins.

4. The introduction of the tanning industry in America and the levy of a high import tax on dressed leather by the Government of that country naturally tended to a considerable decline in the tanning industry in Southern India, more especially in the Madras town, where the wages are high; in consequence of which, no less than 100 factories have been closed in Madras alone and only 30 or 40 are struggling for existence; scores of leather and bark merchants at Ambur, Vaniambadi, Bangalore, Dindigul, Coimbatore and other places have been landed in bankruptcy. Had it not been for the tolerably steady call for Indian leather in the English and German and other markets of Europe, even the surviving tanneries would have become completely disorganized two or three years ago. Their future is however gloomy, for, the prices are going down at London as gathered from the following extracts of letters kindly shown to me by a Mahomedan merchant and received from Messrs. Alfred Young & Co., London, dated 8th December 1899: "Prime tannages were neglected and prices declined. The commoner tannages were sought after. France showed only a limited demand, scarcely anything was bought for America. Madras City tannages declined from half to one penny per lb. and Trichinopolly tannages one penny to two pence per lb. on *firsts*. There was a decline of fulls 1½ penny per lb. on Coimbatore tannages. Rejections of all kinds showed a substantial advance. Average price per lb. secured was 7¾*d*". It is believed that leather manufactured in America is slowly finding its way into the European markets, including those at London and it is apprehended that there is a tendency for a more ready disposal of inferior tannages than for the first class ones in England.

5. A new method of preserving and despatching raw material to America was started at Madras about a year ago by Messrs. Wilson & Co., under the direction of a large firm in Boston. The process is secret but, it is learnt to be briefly as follows:—sheep and goat skins are soaked in lime water for two days. The hairs and pieces of flesh and impurities are then scraped away. The skins are subsequently put in large air-tight casks containing a concentrated solution of common salt and alum to which a little sulphuric acid, arsenic and other chemicals are added. Each cask holds 200 to 300 skins. The method of preserving raw skins in this manner is called *pickling*. The skins become partially tanned during transit, provided the casks are hermetically sealed. If air enters them by accident, the skins become damaged and rotten before reaching destination.

6. Other firms have also been trying and have partially succeeded in pickling skins but they can get no indent for them from America, because Messrs. Wilson & Co. hold the monopoly at present. They sent samples to England but as the American way of tanning and dressing is still unknown there, no orders could be secured. It is believed that Messrs. Wilson & Co., Madras, and a certain firm in Boston have diverted the trade from tans into "picklings" and consequently monopolized the business to themselves during the last two years. The pickling requires a very large quantity of salt and alum, 500 skins consuming 65 lbs. of the former and 40 lbs. of the latter. About 200 casks containing 50,000 skins are said to be exported weekly from Madras to America. It is however impossible to obtain correct figures as no access is allowed by Messrs. Wilson & Co. into their godown or office. The Government are said to be selling them the salt required for the pickling, as a special case, at half price, *viz.*, Rs. 1¼ per Bengal maund against Rs. 2½ charged to the public. This certainly has given them a great advantage over others in keeping up and enlarging their business.

7. From the foregoing facts, it is evident that the tanneries at Madras and in South India generally have received a great blow, from which there seems to be no chance of recovery under the present circumstances. The condition of the local tanners and bark

merchants is pitiable. They have a considerable stock of dressed leather and bark for which the call is exceedingly limited and the prices uncertain. As stated before many wealthy persons have become bankrupt and are quite hopeless of seeing a revival of leather trade in Madras on the lines hitherto obtaining. On the other hand, they anticipate a further decline in the industry because the export of raw and pickled articles to America is increasing both in Calcutta and Madras.

8. The depression of tanning industry under the above circumstances has very materially affected the consumption of tanning barks chiefly tangadi or *Cassia auriculata* and alale kayi or gallnut, *i.e.*, *Myrabolams* from which the Forest Departments of Madras and Mysore secured a substantial revenue during the past 10 or 15 years. The current price of tangadi bark is Rs. 9—13½ per bharam or candy of 500 lbs. against Rs. 18—30 in 1896 and Rs. 15—24 in 1897-98. The price of gallnut has fallen to Rs. 10—23 per candy from Rs. 18—25 in 1898 and Rs. 30—40 in 1896-97. The price of kakke bark which is used solely for tanning cow and buffaloe hides (tangadi being used for goat and sheep skins) is however steady being Rs. 8—9 per candy. Hides are generally exported to England after tanning and occasionally in a dry state to America but they are not *pickled* for the reason that the cost of salt, alum and other chemicals required for the process is prohibitively high and their transport in casks is also inconvenient. A heavy business is just now carried on at Madras in currying and dressing hides, because while the demand for that article continues steady, a large number of raw skins is available just now at cheap rates, consequent on the heavy mortality of cattle in the Central Provinces, Hyderabad and the dry districts of the Madras Presidency where famine has set in and fodder is scanty. With the advent of a prosperous season, this business is also expected to fall off six months hence.

9. In the face of the above facts, it is no wonder that our revenue from tanning barks has gone down to a fraction of what it was three years ago. The market price of tangadi bark is on an average about Rs. 11 per candy. While the minimum charge for collection, transport, storage and sale approaches no less than Rs. 9 to Rs. 10. The market is already glutted with the old stock. The bark should be used within three months after peeling, otherwise the leather becomes blackish brown which is objected to in England. For this reason lessees are unwilling to store the bark and to wait, hoping for a rise in value in the future. Moreover, the introduction of the East Coast Railway which charges only 1/5 of a pie per mile per maund, against 3/7 pie in the Madras Railway has afforded great facility to the carriage of tanning bark from the eastern parts of the Hyderabad State and the northern districts of the Madras Presidency where the terms of lease are also said to be far more favourable than in our Province and in the central districts of the Madras Presidency. The plague regulations have also acted prejudicially against the collection, storage and transport of produce from the Mysore Province generally into the tanneries at Madras Vaniambadi, Coimbatore and other places.

10. After carefully studying the conditions of the trade at Madras and after interviewing the merchants of different classes and means and on perusing the accounts and correspondence which they were good enough to show me, I am convinced that the local tanning materials have come to their bad days and there is no prospect of a revival in prices. With a view to substantiate this conclusion, I produce below copy of letter, dated 9th instant, addressed to me by Rajah Sir Savalai Ramaswami Mudaliar, Kt., C.I.E., who had considerable experience for upwards of 20 years in the leather trade and tanning industry of South India.

"With reference to our conversation relating to tanning bark, I have much pleasure in setting down in writing, as desired, the following facts which I have already mentioned to you in the course of that conversation.

Four years ago, good, ripe bark, fresh, fetched Rs. 20—30 per candy according to its quality. Since 1897-98 owing to large quantities of skins being shipped from here untanned as dry skins and pickled in lime and other drugs without use of the bark, the consumption of bark has materially declined and consequently the prices of the bark have fallen to half almost of the price mentioned above."

11. Mr. A. W. Peet, Conservator of Forests, Central Circle, Madras, has also been pleased to inform me as follows :—

"Our experience in Madras is similar to that in Mysore, the price of tanning materials, such as *Myrabolams* and the barks of *Cassia fistula* has very much declined during the last three years. As I have been in England on furlough for considerable time until the last few months, I have not fully gone into the subject yet ; but I think that it is clear that there is no immediate prospect of a large local demand for tanning materials in India. The

chief reason seems to be that the trade in hides and skins has taken a very decided turn towards the export from this country of crude or semi-crude material, chiefly to America where the tannery is said to be completed in 5 days as against 30—40 days by the Madras method. The plague restrictions against the export of skins had something to do with the original upsetting of the tanning operations. At all events, now it seems clear that the diversion of the trade in skins and hides in the direction of the export of the crude material rather than of tanned, seems established and I see no prospect of the old prices for tanning materials from our forests again obtaining."

12. I requested Mr. Peet to furnish me with a statement showing the particulars of revenue under the head, during the past three years, in the taluks comprised in his circle. As exact figures were not available he has requested the District Forest Officers of Nellore, Cuddappa and North Arcot to furnish the same, which, on receipt, he has kindly promised to send me.

I also append a copy of a statement prepared in the Sea Customs Office, at my request, from which a clear idea may be formed of the extent of decline in the export of tanned skins and an increase in that of raw material especially to America.

13. I forward herewith for your inspection the following samples collected by me at Madras :—

No. 1. Raw skin, dried.
2. Pickled skin in brine and alum in a tub (as sent to Boston by Messrs. Wilson & Co.)
3. Pickled skin washed, cleaned and dried.
4. Skin tanned and dressed in the ordinary way, with chunam, tangadi bark, gullnut and oil.

13. I cannot conclude this report without expressing my gratitude to you for deputing me to Madras, armed with letters of recommendation to the Collector of Sea Customs and the Conservators of Forests, Central Circle. I feel that I am profited by this trip which enabled me to study on the spot the real state of affairs regarding the state of the tanning industry which has a considerable bearing on the sale proceeds of one of the chief items of our forest produce. I am also under great obligation to the following gentlemen for the courteous treatment and information which they kindly afforded to me :—

1. Mr. H. Bradley, C. S., Collector of Sea Customs.
2. „ C. Kiernander, Acting Deputy Collector of Sea Customs.
3. „ Rajah Sir Savalai Ramaswami Mudaliar, K.T., C.I.E.
4. „ L. Davidson, C.S., Secretary to the Board of Revenue.
5. „ A. W. Peet, Conservator of Forests, Central Circle.
6. „ V. A. Parthasarathi Mudaliar, Forest Assistant to the Board of Revenue.
7. „ Hazi Badrudeen Saheb, Leather Merchant.
8. „ S. H. Sheik Mira Saheb, Tanner, Madras.
9. „ T. Srinivas Pille, Manager, Office of the Conservator of Forests, Madras.

and other persons too numerous to mention.

14. Mr. Davidson, Secretary to the Revenue Board, favoured me with a letter of introduction to Mr. Hooper, Conservator of Forests, Northern Circle, Waltair. As the information which I gathered at Madras is sufficient for the present purpose, I did not consider it necessary to go there, but I have forwarded to Mr. Hooper requesting that the particulars of revenue obtained in the northern districts of the Presidency from tanning barks may be kindly furnished to me.

15. Bearing in mind the broad fact recorded in this report, I shall submit in a day or two my recommendations with reference to the disposal of tanning barks of this district, together with proposals for the recovery of the arrears of revenue long overdue on account of former sales.

16. Seeing that the Forest revenue from some of the usual sources has been deteriorating for some time past, I naturally took opportunity to enquire whether there is any scope for developing the resources still untouched in the forests and whether a paying concern can be made of it in the immediate future. In the course of this enquiry I was led to believe that there is a great future for our bamboos and jungle wood provided we employ proper means for utilizing them. I shall address you on the subject at an early date if permitted.

MEMO.

Dated 16th January 1900.

Forwarded to the Conservator of Forests. From this interesting report which does great credit to Mr. Ramaswami Iyer, it is very evident that we must make up our minds to a very considerable loss of revenue from this tangadi bark, unless some other use can be discovered for it beyond that of tanning in its present form.

I am glad to hear Mr. Ramaswami Iyer has managed to get some particulars regarding a market for bamboos and jungle wood, as I am certain there is a great opening for these products if properly worked.

I shall be glad to hear the Conservator's opinion regarding the usage of tangadi bark.

No. 6931—Ft. F. 143-95, dated Bangalore, 29th March 1900.

Order thereon—Recorded.

2. Government trust that the Conservator will do his best to find the means of disposing, to the best advantage of Government, of the tanning barks which are losing their hold in the market.

3. Government note with satisfaction that Mr. Ramaswami Iyer has used his time well and conducted this important investigation in an intelligent manner.

Letter No. 3094—117, dated the 19th March 1900, from the Conservator of Forests in Mysore, submitting copies of correspondence between himself and the Deputy Commissioner, Shimoga district, regarding the opening of Telegadde, Aretelegadde, Chendragutti, Bettadakurli and Kavadi State Forests in the Sorab taluk of the Shimoga district to the free pasturage of raiyats' cattle.

No. 6980-1—Ft. F. 34-96, dated Bangalore, 29th March 1900.

Order thereon—Subject to the restrictions mentioned, the Conservator's proposal to throw open for free pasturage of raiyats' cattle, the State Forests in the maidan parts of Sorab and Shikarpur, as also the State Forests in the Shimoga, Channagiri and Honnali taluks, if necessary, is approved. A report may be submitted for the information of Government as to what extent this concession will be availed of by the people till the next monsoon sets in. The records relating to the throwing open of forests in the Kankanhalli taluk for the raiyats' cattle may also be kindly sent.

(1) The following letter No. 3073—460, dated the 16th March 1900, from the Conservator of Forests in Mysore.

I have the honor to forward a letter (No. 200, dated 13th instant) and its accompaniments in original, received from the Deputy Commissioner, Kolar, regarding a difficulty which has arisen respecting the sale of tangadi bark in the Goribidnur and Bagepalli taluks. Mr. Ramanujaiengar asks me to decide the case; but in view of the issues involved I do not see my way to do so, and beg therefore to submit the papers for the early orders of Government.

2. The Deputy Commissioner appears either to have overlooked certain relevant papers or to have been mistakenly advised by his District Forest Officer. When the results of the original sales, held on the 28th November last, were reported to me, I expressed the opinion (my letter No. 217—460, dated the 14th December) that none of the offers should be accepted, and suggested that the leases should be again put up to auction after some months. As will be seen, the Deputy Commissioner (Mr. Sparkes), who really controls these sales, under the terms of auction, agreed and directed that an auction should be held at some future date. Subsequently, when forwarding, on the 20th December, an increased offer amounting to Rs. 2,500 for the Goribidnur taluk, Mr. Sparkes recorded that "as "tenders have not been called for, this cannot be accepted." From the present correspondence it appears, however, that leases for Goribidnur and Bagepalli were disposed of by private treaty, the amount for the former (Rs. 2,500) being that which the previous Deputy Commissioner has decided should not be accepted, while that for the latter (Rs. 4,500) slightly exceeded the original auction bid of Rs. 4,000 which had been refused.

3. It will be observed that the lessees of the two taluks executed agreements and, apparently, were placed in possession. Upon receipt of the offer of Rs. 9,000 for Bagepalli both lessees were warned that they should not consider their agreements as confirmed; and in fact their work has been stopped. The Deputy Commissioner considers that Government may safely face legal proceedings for breach of contract or otherwise. I have asked him by wire for his reasons which will be at once communicated to Government.

4. The private sales concluded by the Deputy Commissioner as representing Government were either valid or invalid. There is nothing in the papers leading me to think that they can be regarded as unauthorized, although the preceding Deputy Commissioner had ordered an auction sale to be held. It is true that precedents exist for private sales. But in view of the correspondence which took place and the existing uncertainty as to the value of tanning barks, sales, I think, should obviously have been conducted either by public auction or by a public call for tenders. It is most unfortunate that this was not done; as the effect may be to debar Government from reaping the benefit of what appears to be a marked rise in the price of bark.

5. With these remarks, I submit the case and would ask for very early orders, to be communicated, if desirable, to the Deputy Commissioner direct. If the sales have been properly concluded, interference with the lessees is wrong and may involve Government in a suit for damages. I also forward my office file of correspondence for favor of return when no longer required.

(2) Letter No. 3075—460, dated the 17th March 1900, from the same Officer.

No. 6994-5—FT. F. 20-99, DATED BANGALORE, 30TH MARCH 1900.

ORDER THEREON—The District Forest Officer in advising the acceptance of the offer of Rs. 2,500 for the Goribidnur taluk and of Rs. 4,500 for the Bagepalli taluk, and the Deputy Commissioner in acting upon that advice and closing with those offers, seem to have both been in ignorance of the fact that a favorable turn had recently set in in the market and to have done what they considered best in Government interests. It seems doubtful whether the above turn is alone accountable for the subsequent much higher offer made by Mahatap Khan or whether that offer was not also due to ill-feeling existing between himself and Abdul Rahiman. However that may be, it is not clear how the Deputy Commissioner could recall his acceptance of the offers made by Abdul Rahiman, Mastan and Sheik Mohadin, whose contracts are of a binding character and have been fully executed. He acted in the matter as the representative of Government. There was nothing *ultra vires* in what he did. The initial mistake lay in the fact that private offers were

privately accepted, though with the best of intentions, and the risk of failing to secure the best offers by wide and proper publication was aggravated by inattention to the suggestion of the Conservator of Forests to the contrary. The local authorities cannot, under the circumstances, be acquitted of the want of mercantile instinct and business-like procedure, and the loss which the Government will undergo by inability to accept higher bids whether actuated by private ill-will, or by the rise of price in the market, is certainly due to the above cause.

2. Under all the circumstances of the case, Government have no alternative but to confirm the leases which have been absolutely accepted by the Deputy Commissioner and for which written agreements have been executed.

3. It is, however, desirable to impress upon the officers concerned the desirability of conducting such sales either by open competition or by calling for tenders to be submitted on a fixed day.

Correspondence ending with letter No. 589, dated the 5th March 1900, from the Deputy Commissioner, Kadur district, reporting the sale of Survey Nos. 50 and 67 of the Kelgane village of the Chikmagalur taluk to Mr. Kent of the Aldur Estate.

No. 6987-8—Ft. F. 39-95, dated Bangalore, 30th March 1900.

ORDER THEREON—Mr. Kent first offered to take up Survey Nos. 50 and 67 at Rs. 60 an acre. It was this that induced the Government to pass an order disafforesting the Sandal Reserve which had cost the Government Rs. 1,043-11-0, and directing the sale of the said two numbers to Mr. Kent at the rate offered. He afterwards said that if No 69 also were not given him he would pay only Rs. 40 an acre and not Rs. 60. In accordance with his wishes, the villagers' objection was overruled and land No. 69 was also ordered to be given to him along with Nos. 50 and 67. In spite of the great consideration thus shown to him, he next stated that he did not want No. 69, and that since the "Reserve" had been taken off he would take up Nos. 50 and 67 under the usual Coffee Darkhast Rules. This was an attitude which ought not to have been encouraged and the lands sold under such vague conditions and uncertainties. The sale has now fetched very little more than the prescribed upset price of Rs 10 an acre. This is not enough even to recoup the cost incurred by Government on the Reserve. The sale was opposed to the orders of Government, and there was also a delay in paying up the price.

2. Under these circumstances, Government decline to confirm the sale which has so many objectionable features. The coffee industry is, no doubt, temporarily depressed; but it does not justify the sale of the lands in question at an absolute loss to Government. The tract will be maintained as a Sandal Reserve, and on this point the attention of the Conservator of Forests will be invited for any action he may be disposed to take for the improvement of the Sandal Reserve.

PETITION

Proceedings of the Government of Mysore,

READ —

Petition No. 365, dated 30th July 1894, presented by Chikka Lingaraj Urs of Mysore, complaining that a large extent out of the Ichalgudde, Kalenhalli and Dabbeghatta kavals in the Krishnarajpete taluk, which had been granted to his father as sarvamanyam in 1827, by His Highness the late Maharaja Krishnaraja Wodeyar Bahadur, has been brought under excess and charged with assessment.

2. Correspondence ending with docket No. 535, dated 7th February 1899, from the Superintendent of Revenue Survey in Mysore, reporting on the above.

3. The records of the case.

No. 6404-6—P. F. 59-95, DATED BANGALORE, 9TH MARCH 1900.

ORDER THEREON—The claim is for the large extent of land marginally described, being declared Sarva Inam in favor of the petitioner.

	Area.		Assessment.		
	A.	g.	Rs.	a.	p.
Kalenhalli dry ...	422	2	256	8	0
and Ichalgudde kharab ...	10	4	...		
Dabbeghatta wet ...	27	31	77	8	0
Total ...	459	37	334	0	0
Unassessed lands.					
Kallenhalli ...	100	4			
Ichalgudde ...	1,014	0			
Dabbeghatta ...	35	2			
Total ...	1,149	6			
Grand Total both assessed and not assessed.	1,609	3			

2. The Inam settlement which has been already effected imposes a quit-rent of two annas on each rupee of assessment. There was no specification of the situation of the land or its extent. The only datum for fixing the inam, which was available, was the money value of the land. It was accordingly left to the Survey Department to fix the value and extent of the inam and allocate it. The inam was admittedly a maidan inam, and was accordingly dealt with under the Rules in Government Proceedings No. 5046-54—Cir. 128, dated 12th December 1887. The petitioner had the benefit of the excess sanctioned in his favor, and the rest was assessed as khalsat.

3. The objection taken by the petitioner to the above settlement is based on several grounds: one of them is that it should not be treated as a minor inam. Nothing has been urged in support of this ground, which must therefore fail. The next objection is that being the Khasji kaval of His Highness the Maharaja's household and the alienation in favor of the petitioner being out of the private estate of the late Maharaja, the land in question should not be subjected to any assessment. This argument is not sound and must be rejected as being without any force. The principle that such lands are liable to be assessed when they pass out of the possession of the Palace unless there is a specific direction to the contrary, to be dealt with according to the circumstances of each case, has been recognised in cases quoted in the marginally noted Proceedings and this case does not fall within that category. The inam in question has for its basis an administrative grant made by His Highness the late Maharaja Krishnaraja Wodeyar Bahadur in his Sovereign capacity and was properly dealt with by the Inam Department.

1. G. O. No. 4376—R. 779, dated 22nd November 1879.
2. Do No. 24755—R. F. 43-94, dated 24th June 1895.
3. Do No. 24964—R. F. 43-94, dated 26th June 1895.
4. Do No. 1586-87—R. 515, dated 7th August 1897.

4. The question, then, has reference only to the legality of bringing the excess under khalsat assessment. The Survey Superintendent very properly gives weight to the contention of the petitioner that the so-called beriz is not properly the assessment under the Survey tenure, but is a sort of hulbanni rent. The alternative solution which this view presents itself is described by the Survey Superintendent in paras 6 and 7 of his letter No. 259, dated 6th October 1898, which are quoted below :—

* * * * * *

Para 6. "The case is not an easy one to settle satisfactorily. If the claimant claims the land on full rights as contained in the survey guarantee, he cannot complain of the excess which has been charged. If he seeks to explain how so large an area is held on the payment of so small a beriz, by asserting that the tenure was somewhat of the character of hulbanni or grazing assessment, then he cannot claim the full rights of survey tenure."

Para 7. "I consider that Chikka Lingaraj Urs should pay full assessment upon 27 acres and 31 guntas assessed at Rs. 77-8-0 in Dabbeghatta, that the 432 acres and 6 guntas in Kallenhalli assessed at Rs. 256-8-0, which are practically waste, should have the assessment struck off, and that in the whole of the unassessed land in the three kavals, Kallenhalli, Dabbeghatta and Ichalgudde, Government should permit Chikka Lingaraj Urs to enjoy the grazing, with, however, the reservation that Government retains the power to give out land for *bonâ fide* cultivation up to a certain area, say 1,000 acres." * * *

This reasoning commends itself as being very fair and will be adopted with a slight modification. It will be leaving the petitioner under vague and uncertain conditions if his tenure is made to depend upon the application by others for any portion of this land for cultivation. It would be more equitable to attach the condition to his own enjoyment. The assessment may be held in abeyance as long as the petitioner adheres to the terms of the sannad and enjoys the land only as pasture or grazing ground. But if he cultivates any portion of it, the assessment on such portion is thenceforward to be levied. Subject to this modification, the recommendation of the Survey Superintendent is approved, and he will be authorised to revise the settlement in either of the alternative forms, that is to say, either as at present settled or as proposed by him, whichever may be accepted by the petitioner. In any case, the inamdar will have no right to the large number of date and reserved trees growing on these lands.

READ—

Letter No. 187—148, dated 1st September 1899, from the Deputy Commissioner, Shimoga district, submitting for the orders of Government, the petition of one Chenna of Kalasi village, Nagar taluk, appealing against the order of the Sub Division Officer of Sagar, fining him Rs. 95 for unauthorized felling of trees in Gomal Survey Nos. 8 and 21 of Kalasi village, Nagar taluk.

2. The records of the case, of which the following is an abstract :—

i. On 20th January 1892, the petitioner Chenna applied to the Amildar of Nagar for sale to him of 14* dead trees standing on Survey Nos. 8 and 21 of Kalasi village. In the sale held on 12th June 1893 under the order of the Amildar, the trees were knocked down to the petitioner for Rs. 22. The sale was confirmed by the Sub-Division Officer on 3rd July 1893, and the petitioner was on 7th September 1893 directed by the Amil-

dar to cut and remove the trees sold to him, within two months from the date of the order. This order was communicated to the petitioner by the Shekdar on 6th November 1893. On 21st January 1894, the petitioner submitted a petition to the Amildar, praying for issue of a passport in the name of one Hyder Sab (the purchaser of the logs) for the removal to Bilvaderikoppa of the 110 logs prepared out of the 14 trees. On 2nd May 1894, the Amildar issued a passport to the Shekdar for delivery to Chenna and directed that the patel of the village should examine the timber at the time of removal.

ii. On 30th April 1894 and 23rd May 1894, petitions were forwarded by one Virabhadrappa of the above village, to the Deputy Commissioner and the Assistant Conservator of Forests, respectively, complaining that Chenna with the assistance of Hyder Sab and others had unauthorizedly felled green trees standing in the gomal lands. The Deputy Commissioner forwarded the petition for report to the Amildar, who sent it to the Shekdar for investigation. About the same time, the Police of Ayanur station reported to the Deputy Amildar of Kumsi sub-taluk that six logs uncovered by a pass had been brought to the village on behalf of Hyder Sab and were therefore detained pending further enquiry. The Amildar of Nagar, to whom the Deputy Amildar of Kumsi communicated the above as well as the report of the Shekdar of Harnahalli that most of the logs removed to Bilvaderikoppa were green, requested the Assistant Conservator of Forests to depute a Forester to enquire if any more green trees had been felled. The Forester who was deputed for making an enquiry reported that Chenna and Hyder Sab had under cover of the passport felled and removed green trees standing on Government land, that they had after felling the green trees set fire to the stumps to give them the appearance of the effect of natural decay and accidental fire, and that the total number of logs prepared were about 103 (87 were from green and 16 from dry trees) of which 60 logs (55 green and 5 dry) had been removed to Bilvaderikoppa and 43 logs (32 green and 11 dry) were lying in the jungle. On 30th August 1894, the Assistant Conservator of Forests forwarded the records to the Amildar of Nagar, requesting him to have the men prosecuted criminally, if possible.

iii. The Amildar pointed out to the Sub-Division Officer of Sagar that the offenders could not be prosecuted under the Forest Rules, as gomal lands in which the trees had been felled did not constitute a District Forest, and suggested that the case might be disposed of under Section 44 of the Land Revenue Code.

iv. On 21st February 1895, the Sub-Division Officer (Mr. D. Namakal Rao) directed that under Section 44 of the Land Revenue Code, Hyder Sab should pay Rs. 236, being the value of the green timber removed to Bilvaderikoppa, together with a fine of Rs. 50, and that Chenna should pay Rs. 142½, being the value of the logs lying in the jungle, together with a fine of Rs. 95. He further directed that the wood lying in the jungle should be confiscated to Government and that the Shekdar of the hobli and the patel of Kalasi should be fined Re. 1 and 8 annas, respectively, for culpable negligence. On a reference from the Inspector General of Forests, the Deputy Commissioner called for the records of the case, and observing that the fines inflicted on the Shekdar and the patel were inadequate, directed on 21st October 1895 that the Shekdar should be reduced by one grade and that the patel be fined Rs. 20.

v. On 14th March 1896, the petitioner appealed to the Deputy Commissioner against the above order of the Sub-Division Officer. The Deputy Commissioner (Mr. A. Rangasamaiengar) observed that while the Sub-Division Officer's order was passed under Section 44 of the Land Revenue Code, the enquiry which ought to have been held under Land Revenue Rule XLIII (para 1) by an officer not inferior in rank to the Amildar had been actually held by the Shekdar and the Forester, cancelled the order as passed on defective enquiry and remanded the case to the Sub-Division Officer for re-disposal under the rules.

vi. The case thus remanded came on before the Sub-Division Officer Mr. H. V. Nanjundayya, who found, on the evidence recorded by the Amildar in the remanded enquiry, Chenna guilty of unauthorised felling of Government trees and sentenced him to pay a fine of Rs. 95.

vii. On the 25th September 1897, Chenna filed an appeal to the Deputy Commissioner against the above order, and prayed that as the order appealed against had been passed by the present Deputy Commissioner while he was the Sub-Division Officer of Sagar, the appeal might be submitted to Government, for disposal. The Sub-Division Officer of Sagar in submitting the records of the case to the Deputy Commissioner pointed out that the appeal was out of time.

No. 6656-7—P. 928, DATED BANGALORE, 20TH MARCH 1900.

ORDER THEREON—This is an appeal against the order dated 27th May 1897 of the Sub-Division Officer of Sagar, fining the petitioner Rs. 95 under Section 44 of the Land Revenue Code, for having unauthorizedly cut or caused to be cut certain timber trees in gomal Survey Nos. 8 and 21 of Kalasi village in the Nagar taluk. The appeal has been referred to Government for disposal, as the officer that passed the decision as Sub-Division Officer is now the Deputy Commissioner of the district.

2. The Government observe that the appeal petition has been delayed in transmission to Government by nearly two years, that this long and objectionable delay has not been explained and is *prima facie* such as ought to reflect discredit on the officers concerned. The Government will, however, be glad to receive any explanation which may be forthcoming on the point.

3. The charge against the petitioner is that, whereas 14 dry trees,* the cubical capacity of which was estimated at 241¾ cubic feet, were sold to him, the logs alleged to have been prepared out of them and partly removed by the purchaser Hyder Sab, measured 1,371½ cubic feet of which 1,168¼ cubic feet consisted of green timber and the rest of dry timber. In his petition, dated 21st April 1894, to the Amildar, as well as in his deposition before the Amildar dated 22nd September 1896, the petitioner stated that the trees were cut by him and prepared into logs and that these logs were sold to Hyder Sab. The inference is that the petitioner unauthorizedly felled the green trees under cover of the passport for the 14 dry trees, since, as observed by the Sub-Division Officer, the purchaser Hyder Sab was an outsider and the contract between the petitioner and his purchaser provided only for the sale of prepared logs.

4. Coming now to the evidence against the petitioner, it is to be feared that the statements recorded by the Forester as well as those recorded by the Shekdar form no evidence at all, as the Forester had no jurisdiction in the matter and the Shekar is debarred from making an ordinary enquiry under Land Revenue Rule XLIII, para 1. The evidence against the petitioner has to be gathered from the proceedings relating to his darkhast and from the evidence recorded by the Amildar in September 1896. The measurements of the 14 trees sold to the petitioner are recorded in the Shekdar's report, dated 27th January 1893. From these measurements, the Forester infers (as he states before the Amildar) that their cubical capacity is 241¾ cubic feet. He has also stated that the cubical capacity of the timber actually found in the jungle and of that removed by Hyder Sab to Bilvarderikoppa measured 1,168¼ cubic feet of green timber and 203¼ cubic feet of dry timber. The other witnesses examined by the Amildar have corroborated the Forester regarding the greenness of the timber cut. The evidence is overwhelming to prove the guilt of the petitioner, and the punishment awarded is by no means too severe. Under the circumstances of this case, the Government are of opinion that there are no grounds to interfere, and this appeal is accordingly dismissed.

5. The Government observe that the proceedings of the taluk Revenue officers in this case display extraordinary delay at every step and are by no means creditable to the officers concerned. The measurements given in the *passport*, dated 2nd May 1894, give a cubical capacity of 580 cubic feet, whereas the capacity of the trees as deduced from the measurements in the Shekdar's report, dated 27th January 1893, was 241¾ cubic feet. This is evidence of the Shekdar's carelessness or worse in omitting to compare the two measurements and deduce the unauthorized felling. The Shekdar has throughout displayed the greatest incapacity for his work, and the Sub-Division Officer who fined him a rupee in the first instance, cannot be congratulated upon the soundness of his judgment to realise the gravity or the importance of the case. Fortunately he has left the service. Even the order of reduction passed at a subsequent stage by the Deputy Commissioner of Shimoga in his order, dated 21st October 1895, does not meet the requirements of the case adequately. If this Shekdar is still in service, he should be dismissed. A similar punishment must be inflicted upon the patel

Sivabasappa of Kalasi village, who is not less guilty of culpable negligence. If still in service, he must also be removed.

6. The Amildar K. G. Anantaramaiengar, who had to deal with this case, must be deemed guilty of shirking his work and omission to realise the importance of the complaint when he first became aware of it. He ought to have proceeded to the spot promptly and held the investigation then and there. Instead of doing so, he went on referring important investigations to an avowedly incompetent Shekdar, requesting the Assistant Conservator to depute an official to hold the investigation, and omitting till the last to make an effort to ascertain the truth. He ought to have known that the trees in question were in gomal land and that the matter did not fall within the cognizance of the officers of the Forest Department. This Amildar must be severely reprimanded and the censure noted in his Service Register.

PUBLIC WORKS

Proceedings of the Government of Mysore,

READ—

The following note by the Chief Engineer, dated 15th January 1900, submitting for sanction, the modified Sanitary Works Budget for the year 1899-1900:—

"I submit for early sanction the accompanying Sanitary Works Budget for 1899-1900, modified as per your orders contained in Memo of 25th November 1899 and as per instructions issued in Proceedings (P. W.) No. 1109—6013 of 28th November 1899. The Sanitary Superintending Engineer's Draft Budget and his explanatory covering docket No. 5208—745 of 15th December 1899, are also put up for reference.

II. Under the instructions in Proceedings quoted above, "Government loan works" have to be classified in Part I, and "Government grant-in-aid works" in Part II, but nothing is said as regards classification of works, one-half cost of which is to be grant-in-aid and the other half as loan to the Municipality concerned. There are many works of this kind, and those now in hand have been classified under Part I, subject to your approval.

III. Only works which are actually in hand on sanctioned projects have been entered in Parts I, III and IV of this Budget.

IV. Provision will be made in Provincial Budget for works entered in Part III, and for proportionate share of establishment charges debitable thereto as per para 3 of Proceedings No. 1109—6013 of 28th November 1899.

V. The two incomplete works of the previous year entered in Part IV have been included in that Part as per para 9 of your Memo of 25th November 1899. The total outlay on these works will be eventually recovered from the Municipality.

VI. A sum of Rs. 64,708 has been provided under "Establishment," as per details on pages 6 to 9 of Budget. Of this amount Rs. 48,220 will be debited to Provincial Budget (General Branch), and the balance Rs. 16,448 to Sanitary Works Budget.

VII. In Journal of Proceedings, dated 30th December 1899, Government have sanctioned the *marginally noted grants for 1899-1900 aggregating Rs. 2,51,500. The grant for Sanitary Works proper and the proportionate charge for establishment debitable thereto, as per modified Budget now submitted, amounts to Rs. 48,000, while the grants to be made from the Public Works Budget for the Bangalore City Extensions and other Government works amount to Rs. 1,78,000. Total Rs. 2,26,000 against Rs. 2,51,500 sanctioned. The difference Rs. 25,500 is not now required, unless you think some of the unsanctioned works brought forward by Mr. Lee in his Draft Budget should be provided for."
